

PATENT NO. : 412672

AIRTRON®

National Award
CII
"INNOVATIVE ENERGY
SAVING PRODUCT"

CUTs your
AC Bills by Upto
Payback 4-6 months **50%**

- I. CII - GBC CERTIFIED SAVINGS OF :
35% IN CONVENTIONAL AC'S.
25% IN INVERTER AC'S
- II. EESL (MINISTRY OF POWER) CERTIFIED SAVINGS OF :
33% & 44% IN 2 SEPARATE TRIALS.
- III. LG: Certified 25% savings on inverter AC.

- World's first & only programmable AC *saver to guarantee savings without increasing the room temp.*
Airtron's unique "Temperature Lock" feature offers additional Savings upto 30%, over and above the operational Savings.
- The Airtron offers all the controls of a "Precision AC" to maintain Set Temp accurately & substantially increases life of your compressor!
- Displays Room & Coil temperature.
- Automatically adapts AC to changes in Ambient temperature & climates!
- APPLICABLE on ALL AC'S, Windows, Splits, Ductables, Cassettes, Multi-Splits, etc
- SAVES on Inverters & 5-Star/1-Star AC's, upto 20 TR.

CUT YOUR AC BILLS & REDUCE POLLUTION

HOW IT WORKS:

1. *Airtron is the WORLD'S FIRST AND ONLY AC Energy Saver to maintain and display your set temperature PRECISELY, and yet optimise compressor run time to save upto 50% Electricity-ROI 4-6 months.*
2. *The Airtron measures the Room, Coil & Ambient temperatures, and by using multiple algorithms, maintains your Precise Set temperature, while optimising the Compressor run time to save Electricity.*
3. *The Airtron is an 'intelligent' microprocessor which operates on multiple algorithms in a 'closed-loop' circuit based on feedback from its 2 additional sensors, for Room Temperature & Coil Temperature, This also enables the Airtron to adapt to changes in ambient conditions automatically & save electricity.*
4. *The Airtron allows you to program the AC to your climate & geographical locations & automatically adjusts itself to change the ambient conditions to save electricity.*

Validated by O.E's, MNC's & PSU's in India & more than 40 countries!

- Attractive futuristic Polycarbonate, Non-Flammable Cabinet with Remote for Temperature Setting.
- Easy to instal • Wt: 270 gms, Dimensions : 6" (L) x 2.5" (W) x 2" (Ht.)
