The Myriad Group
56 C, Mirza Ghalib Street
Calcutta-700 016

Attention : Mr. Kishore Mansata, Chairman

Dear Sir,

We had installed about 4 numbers of magnetizers for our water lines of the AC plant in the year 1999. We have observed that these magnetizers have prevented scaling of the water lines.

These magnetizers are found to be highly effective.

This is for your information please.
